BUTYL-TITE JOINT SEALANT CERTIFICATION

TO: CONCRETE DESIGNS, INC.

FROM: MULTISEAL, INC.

Gentlemen:

This is to verify and certify that all Butyl-Tite preformed joint sealant meets or exceeds all the requirements of ASTM C990-01a, AASHTO-M198-Type B, Federal Specifications SS-S-210 (December 16, 1981) and SS-S-210A (July 2, 1975)

This is to further certify that Butyl-Tite preformed joint sealant meets or exceeds all the requirements of the South Carolina Department of Transportation Section 714.12 joints. All Butyl-Tite preformed joint sealants furnished by Multi-seal, Inc. to Concrete Designs, Inc. for distribution will conform to the above specifications of Designation and all shipments of said Butyl-Tite sealant to Concrete Designs, Inc. will include certification sheets provided by Multiseal, Inc.

Yours very truly,

Multiseal, Inc.
